

NAVEEN KUMAR - Front-End Developer

[Erode, India] | [9095941447] | [naveenbreaker93@gmail.com]

GitHub: github.com/YourUsername | LinkedIn: linkedin.com/in/YourProfile

OBJECTIVE

Motivated and self-driven Front-End Developer with hands-on experience building responsive and interactive web applications using React, Tailwind CSS, JavaScript, and APIs. Strong understanding of UI/UX principles, component-based architecture, and modern web practices. Seeking a role where I can contribute to real-world products while continuing to learn and grow.

SKILLS

Languages & Tools: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Node.js, Express.js Libraries &

Concepts: Axios, REST APIs, React Router DOM, Form Validation, Pagination

Tools: Git, GitHub, Vercel, VS Code

Soft Skills: Fast learner, team collaborator, detail-oriented, growth mindset

PROJECTS

Weather App

React + Vite + Tailwind CSS + OpenWeather API

- Fully responsive and functional weather app.
- Fetches real-time weather using external API.
- Includes search, form validation, and dynamic UI updates.

Movie Clone App

React + Tailwind CSS + TMDB API

- Features include search, pagination, watchlist, and filtering.
- Responsive design and deployed on Vercel.
- Demonstrated API integration and state management.

Task Manager App

- React + Tailwind CSS

- Create, update, and delete tasks with pagination and search.
- Integrated local state handling and React Router.
- Emphasized usability and clean UI structure.

Apple Clone Website

- React + Tailwind CSS + JavaScript
- Replicated Apple's homepage design for UI practice.
- Responsive and pixel-perfect layout.

EDUCATION

B.Sc. Computer Science (Example)

[Your College Name], [City] - Graduated 2024

STRENGTH

- Quick learner and highly curious about modern web tech
- Strong problem-solving and debugging skills
- Passionate about clean code and user-centric design
- Eager to collaborate and open to feedback

CAREER NOTE

Took a professional break for personal reasons. During this time, focused on upskilling through self-learning, hands-on projects, and keeping up with modern front-end development trends.
